Hi Ryan,

Thanks for your response, no worries on timing. Glad you've safely returned and that NMFS is interested in talking with us.

I'll check in with FWS again and then I'll send out a doodle poll for date & time as well as a proposed agenda.

Erin,

Sorry for the delay in response as I have been on travel. I am definitely interested and would like to include Rhonda Reed and Jeff McClain on our side for this meeting.

Thanks!

-Ryan

Hi Roger, and Ryan,

I am interested in finding some time to discuss federal agency input to the SWRCB's update of the 2006 Bay-Delta WQCP, specifically Delta inflow and outflow water quality objectives. It would be great to talk with the you and potentially others in your agency about how we might work together to provide more input to the technical staff at SWRCB who are working on the update.

Please let me know if you are interested in this discussion and whom, if anyone else, I should include. Then I can work on identifying a time and place for the conversation.

Thanks,

Erin
